Changing life stories

What do we do?

The National Literacy Trust is an independent charity that works with disadvantaged communities, schools and families to transform lives through literacy. Without good levels of literacy, people will be held back at every stage of their life. They will struggle at school and be locked out of the job market, and as parents they will not be able to support their children. This creates a cycle of disadvantage.

Why?

- ❑ Children born into communities with some of the worst literacy challenges have some of the lowest life expectancies in England
- ❑ 1 in 8 disadvantaged children in the UK don't own a single book
- ❑ 3 in 10 children leave primary school unable to read well, this rises to almost half (44%) of disadvantaged children
- ❑ The UK's poorest children start school 19 months behind their wealthier peers in language and vocabulary

Why do we need your help?

We rely on the generosity of individuals and communities to continue our vital work! We would love your help and **our team** would be on hand to help you with all your fundraising needs! Fundraising for the National Literacy Trust helps some of the UK's most disadvantaged children and gives them a route out of poverty.

What your money can do

- ❑ £25 could fund literacy packs for parents with children on neo-natal wards, helping them to bond with their babies through reading
- ❑ £50 could train a volunteer to work with parents with low literacy levels and allow them to help their children develop vital literacy and communication skills
- ❑ £100 could help to set up more National Literacy Trust Hubs to create long term change in areas of the UK where low levels of literacy are entrenched and intergenerational
